

- 50 mm ball
- IP65/IP68 sealing
- stainless steel carrier

## INDUSTRIAL WATERPROOF TRACKBALLS

The TSX50 series are waterproof and vandalproof industrial trackball units and uses the latest generation of optical trackballs. These trackballs are highly suited for harsh industrial environments thanks to their robustness and ease of maintenance. They feature a removable top ring facilitating the cleaning of ball and ball compartment for use in even the most dusty environments. The concept itself of these optical trackballs make them waterproof as well. The use of stainless steel for the various parts ensures the best resistance in salty or greasy environments. Due to its outstanding sealing, its professional style and its industrial robustness, this trackball unit is the best suited pointing device for all harsh or hostile environments, indoor and outdoor. All panel mount types are supplied with a silicone sponge seal ring for adequate sealing into the customers' panel or console. A cover plate on the rear side protects the components. Fields of applications are very wide: public access- and information kiosks, internet- and entertainment terminals, navigation controls, food industry, processing industries and many others.

#### **GENERAL TECHNICAL SPECIFICATIONS**

Sealing : IP68 waterproof
Carrier plate : brushed stainless steel

Ball diameter : 50,8 mm (2")
Ball material : polyester

Dimensions / weight  $: 100 \times 116 \times 50 \text{ mm} / 0.6 \text{ kg}$ Lifetime : >= 2 million ball revolutions

Tracking force : nom. 50 grams
Output : PS/2 & USB Combo

Cable : 1 shielded, straight 1,6 m long

Operating temperature range: -10°C to +60°C Storage temperature range : -25°C to +80°C

CE : Compliant to EMC Directive 89/336/EEC for

Electromagnetic Compatibility. Low Voltage

Directive 73/23/EEC not applicable for our trackballs.

### <u>Panel mount version</u>:

Front panel mounting with studs or front panel mounting with holes (for countersunk M4 screws, not included). Choice of switches and carrier plate: IP65 pushbutton switches or IP68 short travel switches. Choice of carrier plate: blank stainless steel carrier or matt blackened stainless steel carrier.

For the desktop version, see datasheet TSX50S8

#### CONNECTIVITY

These combo PS/2 & USB trackball units have a 1,6 meter long shielded straight cable ended by a USB type A plug. An adaptor to PS/2 is added. No special device driver is needed, use standard available drivers of your operating system.

## **SWITCHES**

Mechanical life

<u>Switches</u>	<u>pushbutton</u>	short travel
Sealing	IP65	IP68
Travel	1,3mm	0,5mm
Operating force	4N	4N
Material	stainless steel	stainless stee

1 million

#### ORDER INFO
